With reference to M(R W)'s minute at p.1 ante, a statement is put up at flag 'M', which will show the stages through which the consideration of the Collector's report passed and the time taken at each stage. It would be evident therefrom that there has been no avoidable delay in dealing with the case.

The maximum time taken at any one stage was 3 days between 7th and 10th March 1953. Usually five days are allowed for putting up cases unless in specia cases which have to be put up either at once or as early as possible without any avoidable delay. In this case, there was no reason why the report should be treated as special. Under Subsidiary Rule 23 under Fundamental Rule 74(a), the grant of leave at a particular time cannot be claimed as a right by a Govt. servant. The fact that this R.W.O. had wanted leave from 6th March 1953 was, therefore, no criterion for treating this as special, especially as the leave could not be granted except with the approval of the Director of Rural Welfare (who is a touring Officer) who was not at headquarters at that time. Moreover the leave was applied for only to go on a pilgrimage to North India When the file was put up for orders on 11th, the Director of Rural Welfare was not at the headquarters and as he had once before refused leave for this R.W.O., orders could not be taken straighaway without ascertaining the D.R.W.'s wishes in the matter after he returned from his tour. In these circumstances, it would be seen that there was no avoidable delay from the time the Collector's report was received and orders were issued.

May be circulated to M.(R.W) Even report is being made to expedite disposal of files at each stage. But in the present case when the officer concerned happens to be a touring officer the delay is inevitable.
